## **ANNOUNCEMENT**

November 1, 2016

### **ARLIN Manufacturing purchases Trico Specialty Films, LLC.**

The management teams of Arlin Mfg. and Trico Specialty Films are pleased to announce the merger of two great companies under the Arlin corporate umbrella. Trico Specialty Films will continue to operate out of the North Kingstown, RI facility with the same equipment, management team, and engineering staff. The corporate accounting and management support will move to Arlin's facility in Lowell, MA.

We aim to make this transition as seamless as possible for all our customers and vendors. However, please note the following address changes to Trico:

**Trico Remit to:**

Trico Specialty Films  
c/o Arlin Mfg. Co., Inc.  
239 Industrial Avenue East

North Kingstown, RI 02852  
(401) 294-7022

For over four decades Arlin Mfg. Co., Inc. has been a leader in the extrusion and converting of plastic films. Specializing in high strength, narrow width films and tapes, Arlin can provide precision slitting, traverse winding, custom coating, and other solutions for demanding applications. "The outstanding people, technology, and equipment at Trico create an opportunity for real growth in our business and product line" - Steve Mitchell, Arlin V.P.

Established in 2011, Trico Specialty Films LLC is a creative and innovative leader in the extrusion of Plastic film. Located in North Kingstown, RI and well known for advancing the performance standards of film products, Trico management maintains over 150 combined years of experience in developing and manufacturing plastic film products. "The experience and support of Arlin's management and engineering staff will be a great asset to our business." - Ted Coburn, Trico Specialty Films V.P.
